Investors should not assume that the information contained in this presentation is accurate as of any date other than the date given, or where information is stated to be as of a date other than the date given, such other applicable date. Subject to our obligations under applicable Canadian securities laws, the information contained in this presentation is accurate only as of the date of this presentation regardless of the time of delivery of this presentation. Unless otherwise indicated or the context otherwise requires, all references in this presentation to "Dentalcorp", the "Company", "we", "our", "ours", "us" or similar terms refer to dentalcorp Holdings Ltd. (formerly Dentalcorp Overbite Ltd.), together with its wholly-owned subsidiaries, as well as 100% of the accounts of certain other entities in which the Company does not hold an equity interest but which are consolidated by the Company as a result of such other entities' contractual relationships with the Company.

Forward-Looking Information

This presentation as well as oral statements made during the course of the oral presentation includes forward-looking information and forward-looking statements. Forward-looking information includes, but is not limited to, statements about the Company's objectives, strategies to achieve those objectives, our financial outlook, and the Company's beliefs, plans, expectations, anticipations, estimates, or intentions. Forward-looking information includes words like could, expect, may, anticipate, assume, believe, intend, estimate, plan, project, guidance, outlook, target, and similar expressions suggesting future outcomes or events.

Our forward-looking information includes, but is not limited to, the information and statements under "First Quarter 2025 Highlights" and "Second Quarter 2025 Outlook" relating to our goals for the second quarter of 2025 for Revenue, Same Practice Revenue Growth, Adjusted EBITDA Margin, PF Adjusted EBITDA after rent attributable to practices acquired in 2025 and our medium-term expectations regarding Same Practice Revenue Growth and Net Debt / PF Adjusted EBITDA after rent Ratio. Such forward-looking information relating to these metrics are not projections; they are goals based on the Company's current strategies and may be considered forward-looking information under applicable securities laws and subject to significant business, economic, regulatory and competitive uncertainties and contingencies, many of which are beyond the control of the Company and its management.

The purpose of disclosing such forward-looking information is to provide investors with more information concerning the financial results that the Company currently believes are achievable based on the assumptions below. Readers are cautioned that the information may not be appropriate for other purposes. While these targets are based on underlying assumptions that management believes are reasonable in the circumstances, readers are cautioned that actual results may vary materially from those described herein.

Forward-looking statements are necessarily based upon management's perceptions of historical trends, current conditions and expected future developments, as well as a number of specific factors and assumptions that, while considered reasonable by management as of the date on which the statements are made, are inherently subject to significant business, economic and competitive uncertainties and contingencies which could result in actions, events, conditions, results, performance or achievements to be different or materially different from those projected in the forward-looking statements. Forward-looking information is based on many factors and assumptions including, but not limited to, the impact of, and the enrollment of patients in, the CDCP; expectations regarding the Company's business, operations and capital structure; that the Company's acquisition program continues as it has historically, including the Company maintaining its ability to continue to make and integrate acquisitions at attractive valuations including a reduction in acquisition purchase multiples as compared to prior periods; the Company's ability to realize pricing increases, materially driven by Provincial fee guides; a continued increase in patient visit volumes through patient recall and insourcing initiatives that drive the expansion of service offerings and frequency of visits to contribute to optimal patient care; the impact of the investments the Company has made in its corporate infrastructure and teams, and the upgrades to its core information technology systems; the Company's ability to mitigate anticipated supply chain disruptions, geopolitical risks, inflationary pressures and labour shortages, and generate cash flow; no changes in the competitive environment or legal or regulatory developments affecting our business; and visits by patients to our Practices at or above the same rate as current visits.

Actual results and the timing of events may differ materially from those anticipated in the forward-looking information as a result of known and unknown risk factors, many of which are beyond the control of the Company, and could cause actual results to differ materially from the forward-looking statements. Such risks include, but are not limited to, the Company's potential inability to successfully execute its growth strategy and complete additional acquisitions; its dependence on the integration and success of its acquired dental practices; its dependence on the parties with which the Company has contractual arrangements and obligations; changes in relevant laws, governmental regulations and policy and the costs incurred in the course of complying with such changes; risks relating to the current economic environment, including the impact of any tariffs and retaliatory tariffs on the economy; risk associated with disease outbreaks; competition in the dental industry; increases in operating costs; litigation and regulatory risk; and the risk of a failure in internal controls and other factors described under "Risk Factors" in the Company's Annual Information Form for the year ended December 31, 2024 and in this presentation. Accordingly, we warn readers to exercise caution when considering statements containing forward-looking information and caution them that it would be unreasonable to rely on such statements as creating legal rights regarding the Company's future results or plans. We are under no obligation (and we expressly disclaim any such obligation) to update or alter any statements containing forward-looking information or the factors or assumptions underlying them, whether as a result of new information, future events, or otherwise, except as required by applicable securities laws. All of the forward-looking information in this presentation is qualified by the cautionary statements herein.

A Differentiated Private, Cash-Pay Model

- ✓ Primarily direct cash pay
- ✓ Neutral to negative working capital
- ✓ Limited exposure to insurance companies or government pay
- ✓ Technology infrastructure further enables efficient collections
- ✓ High level of patient loyalty

Balanced Approach to Driving Sustained Growth

1

ORGANIC GROWTH

4%+ Medium-term target for Same Practice Revenue Growth^{1,2}

- Same Practice Revenue Growth^{1,2} supported by:
 - Expansion of specialty service offerings (e.g., clear aligner orthodontic treatment, implants)
 - Our leading technology stack, including the use of AI for more accurate diagnoses and patient education and patient recall tools, to drive optimal and adequate patient care

2

OPERATING PRODUCTIVITY

Scaled corporate infrastructure and practice-level efficiencies expected to drive long-tail margin expansion and support a doubling of the business²

- Generally, 10-15%+ increase in Practice-Level EBITDA Margin¹ immediately following acquisition²
- A significant portion of this margin expansion is expected to be driven by ongoing operating efficiencies and our robust technology infrastructure²

3

ACQUISITIVE GROWTH

Delivered on acquisition strategy, with an average of \$30-\$35 million of annual acquired PF Adjusted EBITDA¹ since 2018

2025 PF Adjusted EBITDA after rent^{1,2} target is \$25 million+

- Strong revenue and practice-level EBITDA¹ growth post-acquisition²
- Historically, visit frequency has increased 10-15% post-acquisition (e.g., by using hellodent)

Revenue Growth Engine Powered by the Dentalcorp Advantage

Dentalcorp is one of the few providers with the scale to implement programs that support:

Attracting New Patients

- Sophisticated marketing playbooks including digital optimization of patient journey
- hellodent platform enables patients to search, book and review Dentalcorp practices
- Centralized call center pilot in progress
- Network effect recaptures moving patients at other Dentalcorp practices

Expansion of Service Offerings and Capabilities

- Continued roll-out of the Ortho Acceleration Program and new hygiene programs
- Network-wide implant program launched in 2022
- Utilization of AI-driven diagnostic tools to identify treatment needs and drive conversion

Increased Frequency of Visits

- Advanced digital recare and patient engagement platform to drive network-wide recall
- Digitally enabled and automated campaigns to re-activate lapsed patients

4%+ Medium-Term Target for Same Practice Revenue Growth¹ with an Expected 10-15% Increase in Visit Frequency and 0.5-1.0% of Same Practice Revenue Growth¹ Derived from Expansion of Specialty Service Offerings Following Acquisition²

Playbooks to Drive Practice-Level EBITDA Margin¹ Expansion

Labour

- Predictive labour management
- Labour sharing across the network creates for economies of scale and network synergies

Procurement

- National vendor consolidation across major spend categories
- Network-wide initiatives to drive optimization
- New practices access preferred supplier pricing from day one

Exclusive Technology Platforms

- Continuous enhancements of internal tools (dc market, dc assist, dc safety)
- Tech-enabled platform driving enhanced user experience and financial efficiencies

**Expected Practice-Level EBITDA Margin¹ Increase of 10-15%+ from Date of Acquisition
With Long-Tail Upside²**

Leveraging Technology to Drive Continued Scalability and Growth

Leading Technology Stack

- Leading tools standard across our practices for:
 - Patient Engagement
 - Procurement
 - Ticketing Support
 - Safety
 - Scheduling and Labour
- Mature back-office SaaS systems already in place:
 - Oracle NetSuite ERP
 - Workday HRIS

Best-in-Class Clinical Artificial Intelligence

- Partnership with VideaHealth to use their AI for radiograph diagnostics expected to lead to¹:
 - Increased detection of dental conditions and better patient outcomes
 - Enhanced clinical consistency across practitioners
 - Better patient education and case acceptance through AI-generated visual aids
- Rapid roll out began in January 2025 with 141 installed at the end of Q1 2025; 350 practices expected to be installed by the end of 2025¹

Actionable Data and Insights

- Daily consolidation of data from our entire network into a cloud-based data warehousing platform leading to actionable insights to drive growth in our network
- AI-powered call tracking to analyze patient acquisition channel attribution, enabling optimized strategies and enhanced ROI
- Industry leading visualizations created including dynamic benchmarks that compare practices' key performance Indicators, identifying top-performing and underperforming locations
